***Revisions**

- TPCC attribution will require a combination of 1) E&M services and 2) primary care service or a second E&M service from the same clinician group.
- TPCC attribution will exclude certain clinicians who primarily deliver certain non-primary care services or are in specialties that are unlikely to be responsible for primary care services.
- MSPB clinician (MSPB-C) attribution have a different methodology for surgical and medical patients
- Measure attribution will be different for individuals and groups and will be defined in the applicable measure specifications.
