

Cross-Cutting Measures for 2018 Performance Period and Future Years

This table provides clinicians with a list of measures that are broadly applicable to all clinicians regardless of the clinician's specialty. Even though it is NOT required to report on cross-cutting measures, it is provided as a reference to clinicians who are looking for additional measures to report outside their specialty.

Quality # 047: Care Plan. Measure Type: Process. Submission Method: Claims, Registry.

Q# 128: Preventive Care and Screening: BMI Screening and Follow-Up Plan. Measure Type: Process. Submission Method: Claims, Web Interface, Registry, EHR.
