Merit-based Incentive Payment System

## QUALITY Composite Score

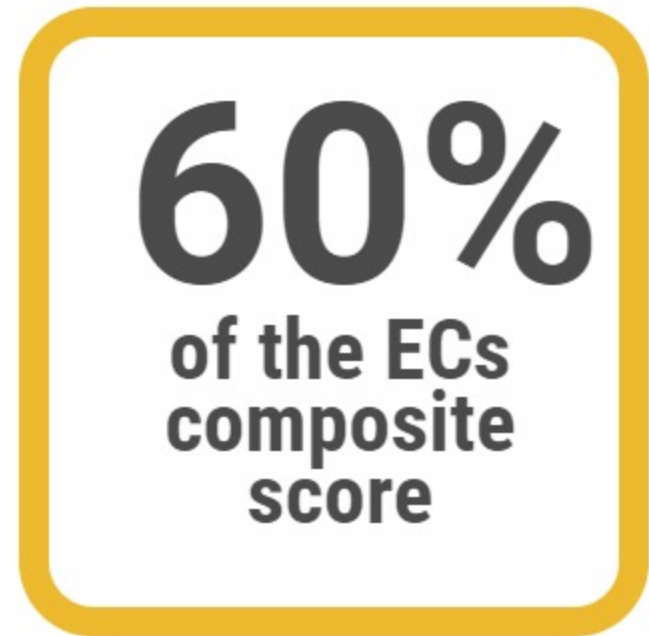

### REQUIREMENTS

#### 6 Quality Measures

One of the 6 must be an Outcome/Intermediate Outcome measure

If an Outcome measure is not available, then the EC must select a High Priority measure (Appropriate Use, Patient Safety, Efficiency, Patient Experience, Care Coordination)

Each measure will be converted to points on a scale from 3-10

New Measures (without benchmarks) will only yield a total of 3 points
